

IT'S BEEN OUR BUSINESS FOR OVER 50 YEARS

About Our Company

Marmetal Industries is a full service metal distribution business specializing in corrosion-resistant copper & nickel alloys as well as a wide variety of value added services. For over half a century, Marmetal has been servicing the defense industry. Our strong dedication to quality and expertise in sourcing hard-to-find materials have allowed us to become a valuable partner to the US Military and defense-related prime vendors.
